## The Approach

How did you select designs.codes and what were the deciding factors?

After posting a Tweet saying I was looking for a website and online software, Designs Codes presented themselves in 2016 to do that work for me.

Describe the scope of work in detail, including the project steps, key deliverables, and technologies used.

Scope of work:

How many people from the vendor's team worked with you, and what were their positions?

5 people in total.

## The Outcome

Can you share any measurable outcomes of the project or general feedback about the deliverables?

As a customer I am very, very pleased with the standard of work provided to me by Designs Codes. The quality of the websites are excellent and the additional changes I make are regularly updated. The customized software helps me to hold and manage my online classes easily.

Describe their project management style, including communication tools and timelines.

One to one communication with project manager who gets the work done and sends updates on a regular basis. Communication through emails and WhatsApp.

What did you find most impressive or unique about this company?

Excellent communication and very professional end result.

Are there any areas for improvement or something they could have done differently?

There are options for everyone to improve but I'm at a loss to think of anything right now.
